

NX NextSTAR™ ULTRA

Coastal and Light Industrial Series.

SUPERIOR PRE-PAINTED STEEL FOR
ROOFING, WALLING AND RAINWATER
PRODUCTS IN MODERATE COASTAL
ENVIRONMENTS.

NextSTAR™ ULTRA

Coastal and Industrial Solutions.

Now there's a paint finish and substrate solution for those projects positioned 200m or more from the coast. With NextSTAR™ Ultra, you can build with confidence for projects that need a bit more protection.

ADVANCED PAINT SYSTEM

NextSTAR™ Ultra coatings combine an advanced silicone-modified polyester (SMP) formulation and highly durable infrared-reflective pigments to achieve premium performance. That combined with a higher film build (guaranteed top coat of 25 microns – which is at least 4 microns better than competitors) results in a premium pre-painted steel.

NextSTAR™ Ultra utilises AZ200 to withstand elements, 200m or more from the coast.

Better paint, better coverage leads to a better protection – NextSTAR™ Ultra's your go-to.

NextSTAR™ ULTRA

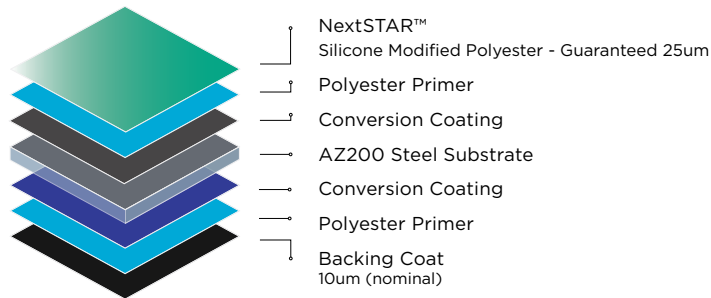

Coastal and Light Industrial Pre-Painted Steel by Nexteel™

Australian Standards | Meets AS2728: 2013

NextSTAR™ Ultra provides excellent colour and gloss retention and is suitable for environments where corrosion levels are moderate. It is also suitable for fencing applications.

Nexteel™ partners with global paint suppliers PPG and Akzo Nobel to bring world class solutions and choice to the Australian market. Rigorously tested both overseas and within Australia, all Nexteel™ products are guaranteed to meet or exceed the relevant Australian Standard (AS2728: 2013).

POLYESTER FINISH COAT WITH ADDED SILICONE

Better flexibility and resistance to cracking, up to 25% better gloss and colour retention, superior weatherability and outstanding colour consistency.

HIGHER FILM BUILD TOP COAT

NextSTAR™ uses an Australian first higher film build of guaranteed 25 microns (top coat); double UV filters and UV stabilisers.

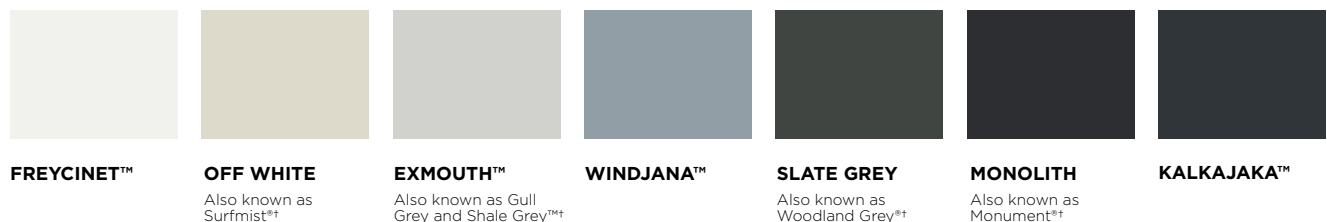

RIGOROUS TESTING FOR AUSTRALIAN CONDITIONS

Tested in harsh conditions — Allunga, Queensland, Newcastle, New South Wales and New Zealand.

NextSTAR™ SPECIFICATION CHART:

	NextSTAR™	NextSTAR™ ULTRA (200M FROM COAST)
Suitable Applications	> Suitable for all roofing, walling and rainwater goods.	> Suitable for projects positioned 200m or more from the coast.
Paint Finish & Substrate Solution	> NextSTAR™ paint finish (polyester finish coat with added silicone) on zinc / aluminium alloy coated steel substrate.	> NextSTAR™ paint finish (polyester finish coat with added silicone) on AZ200 steel substrate.
