LOOK BETTER FOR LONGER WITH
NEXTSTAR™ SUPERIOR STEEL ROOFING.

NX NextSTAR™

Windjana™

Project: Windjana™ in Willunga - see more on next page.

FACT 01

A NextSTAR™ superior steel roof gives homeowners peace of mind - adding value at install and resale time.

FACT 02

NextSTAR™ has the longest warranties on the market for domestic builds.

FACT 03

NextSTAR™ paint finish has advanced paint technology and the highest film build (top coat).

Along with our global supply paint partner, PPG, we bring world class paint technology to the building and construction industry.

Due to its superior paint formulation NextSTAR™ pre-painted steel offers you 10 years longer warranty than COLORBOND®

YOUR NEXTEEL™ PRODUCT GUIDE

➤ **NextONE™** the standard polyester finish available in Yesterday's Heroes Colours.

➤ **NextSTAR™** the premium silicone-modified polyester finish available in 30 brand new colours. This is the only brand in the market place that lasts 10 years longer than competitors and has the longest warranties for the domestic market.

➤ **NextSTAR™ Ultra** the superior silicone-modified polyester finish available on AZ200, designed for projects 200m+ from the coast. Available in 4 colours.

➤ **NextREME™ SE** the superior silicone-modified polyester finish available on marine-grade aluminium, designed for those projects in challenging environments.

➤ **NextREME™ XC** the Mack truck of paint finishes - high performance PVDF paint on marine-grade aluminium, for colour lock and protection, no matter what.

> Focus on Colour.

WHITE SERIES | FREYCINET™

“Named after dramatic pink granite peaks, secluded bays, white sandy beaches... this is Freycinet.”

Already a best seller!

NextSTAR™ Freycinet™ is the only high performing pre-painted steel sheet on the market which offers a full material warranty when installed as a Roof Sheet and a Wall Cladding. Whilst other products on the market can offer similar thermal values, they are not supported with a material warranty when used as a wall cladding.

Pricing and availability of NextSTAR™ Freycinet™ is no different than any of the 30 Australis colours as it is available in every profile with no additional surcharge.

Another example of where Nexteel™ Australia continues to outperform the competition for choice, flexibility, and peace of mind warranties. And don't forget, NextSTAR™ lasts 10 years longer.

World class paint technology, from industry giant PPG.

Nexteel has invested funds, time and research to bring the different paint finish systems to market. Focusing on NextSTAR™ for for today – our global supply paint partner, PPG, can verify not only the paint performance in terms of looks, gloss retention and fade resistance but also in warranty terms.

We provide a longer warranty due to the use of advanced paint technologies and silicone, combined with the market's highest film builds and double UV filters and stabilisers. This extra performance capability has been verified and warranted by PPG, the benefit to your customer being 10 years longer lasting performance.

Roofs should not fail like this.

Nexteel™ is building partnerships.

Nexteel™ is proud to partner with The Shelford Group.

Together, we're helping to bring dream homes and commercial projects to life.

Shelford Quality Homes are consistent winners across Housing Award programs and the commercial arm, Shelford Constructions have achieved many milestones in certifications and awards including Master Builders 2020 Excellence in Construction.

We're a partnership committed to innovation and quality.
