

XX NextSTAR™

Matt Finish Series.

SUPERIOR PRE-PAINTED STEEL
FOR ROOFING, WALLING AND
RAINWATER PRODUCTS.

Matt Finish Series

Quiet sophistication and style.

In a category of its own, Nexteel™ brings Australia-first choices to the built environment. Our matt series delivers on looks and performance.

SUPERIOR PAINT SYSTEMS

With next generation thinking, NextSTAR™ leads the way with better colour retention, great chalk resistance and overall performance.

If your project is 200m from the coast or you need protection against extreme weather, ask about the coastal and light industrial solution NextSTAR™ Ultra.

WORLD'S BEST TECHNOLOGIES FOR AUSTRALIAN PROJECTS

Nexteel™ has sourced world best practices and solutions bringing you high performance roofing, walling and rainwater products.

Matt Finish Series

Australian Standards | Meets AS2728: 2013

The matt finish look is here to stay. Dramatic, yet soft and complementary to all materials and environments.

Another innovation from Nexteel™.

The Nexteel™ Matt finish series gives you a better overall finish due to the superior paint formulation and the result is a higher grade pre-painted steel that not only holds its colour for longer but is easier to clean.

MATT FINISH SERIES FULL COLOUR RANGE:

Revolution Roofing, our roll-forming partner for Matt Finish Series may have varying stock levels for each colour. Please check before ordering.

next generation colourfast steel.

AUSTRALIS COLOUR RANGE

The most comprehensive new colour launch since 2013, taking inspiration for the Australis series from this amazing continent. One country that spans geographic and climatic extremes from barren deserts to snowy alps; tropical palm beaches to windswept rocky coasts. Colours and contrasts to feed your imagination.

NEW PASTEL COLOUR RANGE

Hepburn. Fiat Bambinos. Seaside bistros. Retro yet so right now. Pastel colours have finally found their way into your palette thanks to the mastery and simpatico of Nexteel™.

Nexteel™ commits to working with architects and specifiers to create walling and façade options that look better for longer.
